

Change Management Services

Achieve true supply chain transformation in your organization, aligning your employees, processes and systems to your vision.

We empower you to maximize the impact of Manhattan Software by optimizing your existing organizational structure, processes and incentives.

Change Ready

Perform a change readiness assessment and build a change road map, including a communication plan to build awareness and confidence for change across your organization.

Process Ready

Facilitate, align and remediate processes, uncover gaps, and develop structural, motivational and skill-building solutions that promote a more streamlined organization.

Manager Ready

Provide leadership guidance and coaching to enable your top executives and people managers to be more effective implementers and supporters of supply chain commerce transformation.

FastTrack™

Ensure your users are ready for their new roles through validated, repeatable online or classroom end-user training customized to your processes and system flows.

Whatever your goals, Manhattan Training and Change Management experts empower you to unleash the full potential of Manhattan software and achieve your desired business outcomes.

- Make the case for change in supply chain commerce.
- Take full ownership of your system early.
- Achieve effective user adoption and consistent performance.
- Create a Training Center of Excellence for your superusers.
- Unlock the true ROI of your supply chain commerce transformation.

What specific business goals do you want to achieve with your Manhattan software?

Improve efficiencies and gain new agility and market access.

Achieve a measurable return on your software product investments.

Ensure your organization is ready at the executive level, the management level, and at the user level.

Facilitate effective change within your organization using our integrated change leadership program.

Executives, managers and trainers all benefit from new, advanced leadership skills that address the unique needs for change at all levels of your organization.
