

Role-Based Training Paths

Manhattan professional development training and thought leadership programs empower you to enhance your expertise and stay squarely at the forefront of your field.

Tailor your professional development based on your specific role with Manhattan training paths and thought leadership programs

Inventory Training Paths

- Inventory Optimization
- Planning & Forecasting

If you're responsible for approving inventory orders, you belong at the Manhattan Inventory Optimization Institute. Whether you are a Buyer, Rebuyer, Inventory Specialist or Replenishment Analyst, you'll find a prescriptive training path, certification and networking opportunities tailored to your needs.

Supply Chain Training Paths

- Distribution Management (WMOS, WMi, SCALE)
- Supply Chain Visibility
- Transportation Management

Maintain your expertise and demonstrate your capability with Manhattan's Supply Chain training paths. We offer Supply Chain professionals a clear track for learning, from domain topics to product use, configuration and continuing education for advanced topics.

Omni-Channel Training Paths

- Omni-Channel Central
- Omni-Channel Local

Grow your skills on the commerce side with our Omni-Channel training paths. Gain expertise across commerce channels and deployment types to stay on the forefront of what's emerging in omni-channel. Differentiate yourself with software product knowledge, as well as omni-channel concepts in the supply chain domain.

System Administrator Training Paths

- Manhattan Platform System Administration

Gain the skills you need for calibrating and tuning your Manhattan solutions, including strategies for effective system administration and troubleshooting. Grow your expertise in Manhattan system analytics and best practices for database management.

Role-Based Training Paths

Role-based training paths not only help your company achieve optimal business outcomes from your Manhattan software, they can make a tremendous impact on your professional success in supply chain commerce.

Inventory
